Officials say this megaproject has built to over €400m, has less than 1% of all the programs presented and represents a share of nearly 6% of the European Union's total aid budget for 2020. The budget includes a €20m top up to help diversify energy projects in the West Bank. The EU aid office has stated that the project will help. The EU aid office has stated that the project will help. The project will help facilitate the Palestinian economic recovery by establishing a solid and profitable irrigation system that, in turn, will enable a viable commercial agriculture within the West Bank. The project will improve the quality of life for farm families by providing education and agriculture related services through a project headquarters and farms in the Awarta Area, a region south of Bethlehem. The project also aims at developing the nearby 200m industrial zone. The EU will also fund a computerized irrigation system in the Asida governorate in the centre of the west.
